

Setup instructions for Dune HD 101/101w/301 STB

- Download **TV Club App** from:
http://tvclubtv.com/pages/files/dune_plugin_tvc.zip
- Record TV Club App on USB-flash.
- Connect the USB-flash to the Dune HD.

1. In the media player main menu, select **Sources** and click **ENTER** on the remote control:

2. In the section **Sources** select **USB-flash** and click **ENTER** on the remote control:

3. Install the **TV Club App**: press **ENTER** on the archive file:

When the message about the successful installation is appeared, the TV Club App installation is completed.

TV Club icon will appear in the Media Player main menu:

4. Run the **TV Club** widget to work with the portal:
